I can taste you on my tongue  
I can still feel what my hands have done  
I got you on my mind, more than anything or anyone

And what we have is a connection  
We got front row seats to each others affection  
You're such a thirsty rose, I can still see you when my  
eyes are closed

My love glows when I'm with her and she flows like a  
river

My love's every single song on the radio  
My love's every pretty face on video, my love, my love  
I'm seein' her in everyone, here she comes

And when I don't know where you are  
It's like I see you in every passing car  
I can see you in a crowd  
Or I can see you when I'm looking at the clouds

My love glows when I'm with her and she flows like a  
river

My love's every single song on the radio  
My love's every pretty face on video, my love, my love  
I'm seein' her in everyone, here she comes

And she shines and the stars look up to her  
And she shines and she shimmers

My love's every single song on the radio  
My love's every pretty face on video  
My love is a thousand pages of beauty and here she  
comes

My love's every single song on the radio  
My love's every pretty face on video, my love, my love  
I'm seein' her in everyone, here she comes

Here comes my love
