Roll your eyes up, while the minions make her wake up  
(wake up)

Not today (not today)  
All white lights up all over me,  
They take me gracefully...

I see you, on the floor,  
With your face on the ground...  
What are we going to do?  
The future is slowly dying,  
And we're already falling...

There comes a time when the rope begins to fray,  
You don't want that anyway,  
Those works you never wanted me to say...

Cut the phone lines when her voice decays,  
She will not be coming anyway,  
Not you, not today

These thoughts are flowing, down the river,  
Pushing your broken boat to a distant town  
Where the flowers grow back below the ground...

You're lying, on telephone lines,  
And all the lies your feeding me has left me oh so  
hungry,  
I'm rooted firmly on my knees,  
And as my nails begin to sink into your skin,  
I'm begging you begging you begging you...

Your eyes engaging  
Underneath the front line,  
In a row, she left a gun for you...

She's so cold...

I feel you on the opposite end of this line,  
The opposites are ripping us apart,  
And this is the last time,  
I can't take this anymore, I can't take this anymore  
I can't take this anymore...

She's so cold, like you wouldn't know,  
Some things from me I didn't know I had,  
But it's over now and I'm glad,  
Cuz it's not like you never lied and it's not like we didn't  
try,  
To save our own lives, to savor our lives

Your lying on telephone lines,  
And all the lies your feeding me are leaving me so  
hungry,  
And as the line pulls tight I think,  
To sit and watch me as I sink,  
Too bad there's nothing you can do  
Cuz I am me and you're still you

It's not that you aren't good enough,  
We're just far too complex,  
That's what she said,  
Always ahead of the rest,

She's always over it, over it, over it  
And the way she's pushing me,  
Is driving me crazy...
