Visit "[Out Of Reach](#)" on MotoLyrics.com

There is no point, is there?
Is there?
There is no
There is no coincidence
Or cupid
There is no

Cos only you could know
All I want is out of my reach
Only you could know
All I want

There is no charm
No monochrome
There is no

Yeah well I try to breathe
Breathe
There is no air
There is no

Cos only you could know
All I want is out of my reach
Only you could know
All I want is out of my reach
Only you could know
Only you could know
Only you could know
