Beloved alma matter
We lift our voices high
We sing the praise of gratitude
As we soar the azure sky

Hail to thee alma matter
We bring your legacy
Amidst all our adversities
Herald LP Science still

Thou nourish us with hopes and dreams
With a ferrar compassion
Thou teach us the difference
The truth shall still remain

O hail to the LP Sci.
A great noblice-oblige
An Inspiration to all of us
Will keep you eternally

Las Pinas Scienc High
Abode of learning excellence
Las Pinas Science High
Haven for holistic growth

Las Pinas Science High
Abode of learning excellence
Las Pinas Science High
Will keep you eternally
