forty days and forty nights  
reparation will cleanse the soul  
'til the next time you walk into the fire  
with your eyes closed  
so many lessons learned  
yet you still fail to make the grade  
he says trust in me and I'll protect you  
you forget all the vows you made  
for all of the sins  
you'd said you'd forsake  
you're making the same mistake  
[bridge]  
when the thrill is gone  
and the lights are on  
it's just you  
and a voice inside you  
saying  
[chorus]  
I think I'm in trouble again  
and I know it's too late to pray  
I think I'm in trouble again  
and I think I'm going to need some help  
forty days and forty nights

reparation has left you cold  
looks like this time  
it won't be as easy  
to save your soul  
so many bridges burned  
so many sad mistakes  
you will find  
for piece of mind  
there's one hell of a price to pay  
for all of the sins  
you said you'd forsake  
you're leaving it all to fate  
repeat bridge  
repeat chorus  
forty days and forty nights  
reparation will cleanse the soul  
'til the next time you walk into the fire  
with your eyes closed

I think I'm in trouble again  
repeat chorus
