Let It Go

original version released on EP 'Luba' (1982)

updated version release on LP 'Secrets and Sins'
(1984)

and the 9 1/2 Weeks soundtrack (1986)

Too many doubts

too much fear

too much danger

when society constructs

our human nature

live by the rules

live by the laws

live by commandments

notions preconceived

can lead to utter madness

[chorus]

Let it go

Let it go

Let it free your body

Let it move your soul

We are made

we are not born

Learn to convert

learn to assert

learn to abandon

ideologies and

disciplines at random

lay down the rules

lay down the laws

lay down commandments

lift the sanctions

that restrict this woman's madness

repeat chorus

uniformity

conventionality

is the fate of our existence

keep it safely at a distance

nonconformity

unconventionality

is the fate to be

let your hair down

can't you say
repeat chorus
