I'm slowly being blinded  
By the unfastened hand of this planet  
The anger of God is the anger of man  
And the well of suffering is also man

My dream keeps hounding again and again  
I see my child's eyes are full of this pain

A freezing cold breath swirling around his head  
Seduces him to follow the dead

Every time I open my eyes, they bury some other  
Another child and another mother

So many people cry and run away  
But I will not, because because the problem will still  
stay  
Life cannot hurt me anymore  
I've seen every dark shadow in this world

Choirs shall always praise the music of the past  
Just as the ice-cold wind plays a frosty tune  
The bed of our love is an empty grave now  
I'm left with empty memories to wound
