I see the end, I see the end well it was open so I
crawled inside
And someone up ahead was crying, well someone up
ahead was dying
Lost in the darkness, lost in today...

Well you can only lose it to your mind, you got to lose it
to your mind
Waves and waves of tranquility is hard on your
innocence
Discarding all that was before, Let's crawl inside...

La virginal souls devour without shame
We lick our lips clean, so clean
No one outside knows, no one outside knows what it
means
To me, to be, set free
