So now you have got something to tell me
something all about infidelity
if you were to be swayed by temptation
trust in me would reach it's termination!

Perhaps one day you'll see before too long
your jealousy is as wrong as it is strong...
All full of suspicious
contemplation!

You think i'm using you
i must confess it's true
i'm using you for all the love i can get!
i'm using you
i must confess it's true
i'm using you for all the love i can get!
You said if you can't trust yourself
you can't trust me
solid as a diamond is our trust must be!

Your luck of faith in me
has denounced your own virtue
but i don't mind..
'cause i've been to the mountain top!
and still...

You think i'm using you
i must confess it's true
i'm using you for all the love i can get!

I'm using you
i must confess it's true
i'm using you for all the love i can get get get get
get get!
