Time slips away impatiently
feel my desire passionately
love has raped me
of the softness of my soul
sex has condemned us
and avenged the love i stole.

Love don't bring me down
Love don't bring me down
Love don't bring me down
Love don't ...

Seduce me into your..
free me from the pain and despair
in your flesh i find no conquest
i search with a hope and a prayer

Love don't bring me down
Love don't bring me down
Love don't bring me down

Your warmth and compassion
raises me from the abyss
the softness of my soul

returns with the kiss.

Breathless in the moonlight
tenderness turns to pain
inflicting wounds in daylight
each others gain again.

Black sun, an affliction sky
a.. a.. and a sigh
..the sore and dry
drying the tearfilled eye.

Soldiers of good and evil
have battled for my throne
sad and desolate landscapes
became forbidden..
through the fire and flames

we have.. above
together we shall fly
into the kingdom of love

Love don't bring me down
Love don't bring me down
Love don't bring me down
