Laughter sipped away tears of stone
Introducing spies to shadows
By the bottom of the glass gaiety stopped
The deaf were told lies by the dumb
Two shiny magnets began to reign
Introducing spies to shadows
A plague in the land hiding under the star
Delousing ended all songs

New songs to sing
Twitching the puppeteer string
Introducing spies to shadows
Introducing sad distant hosts to silence

The tongues like seeds in a vacuum
Anger echoed within
Stone words remember
