Mighty Lord of the winter snow
Show me how to reach my goal
I need you my North, I'm the one for all

Magic rides to my tired eyes
Dying sun for your color shy
And you're dressed now pink under fading lights

Back again to my tragic past
Beloved far and majestic Kherd
Wait for me, I'm back to conquer my land

Crystal sounds to my frozen ears
Lonely cries of a human wind
For a moonlight dark icy symphony

Cold raging wind, freeze the people's sin
Lord of the winter snow
Spread your wings on all
Lord of the winter snow
Spread your wings on all

[Incomprehensible]

Magic rides to my tired eyes
Dying sun for your color shy
And you're dressed now pink under fading lights

Crystal sounds to my frozen ears
Lonely cries of a human wind
For a moonlight dark icy symphony

Cold raging wind, freeze the people's sin
Lord of the winter snow
Spread your wings on all
Lord of the winter snow
Spread your wings on all

Oh Lord
Lord of the winter snow

Cold raging wind, freeze the people's sin

Lord of the winter snow
Spread your wings on all
Lord of the winter snow
Spread your wings on all
