[Musica e testi: Luca Turilli]

While the shadows rise and the ravens fly  
To the silent wood of Kherd you come now  
Memories, ride the silent dream  
While the horizons fade to brown of new plains  
And the elves of night now cross my way to my new  
dawn  
And your heart is riding brave against the darkest  
shadowlord  
I am here to await your soul

PRINCESS AURORA, WONDERFUL VISION  
MAGIC LADY OF THE NORTHERN SKIES  
KEEP MY HEART AND I WILL FLY AWAY  
WITH THIS LOVE

Wonderful, born of miracle  
Light my goal to the crystal throne of angels  
Fantasies, travelers of my dreams  
Steal my essence to blend it with her breath  
And the elves of night now cross my way to my new  
dawn  
And your heart is riding brave against the darkest  
shadowlord  
I am here to await your soul

PRINCESS AURORA, WONDERFUL VISION  
MAGIC LADY OF THE NORTHERN SKIES  
KEEP MY HEART AND I WILL FLY AWAY  
WITH THIS LOVE
