Come now my Dark Love
And dance with me
Whirling and twirling
Eternally...

We'll dance forever your hand in
Mine
Along the Edge of Time...

For you and I now
The clock stands still
Our celebration
Will last until...

The daylight breaks and fades again
Along the Edge of Time...

Remember the Past Life
When we fell in love from the start
The melody playing reminds us
Death does not part...

Our haunting love song
Echoes from walls
Filling and chilling
These empty halls...

We'll dance forever your hand in
Mine
Along the Edge of Time...

For you and I now
The clock stands still
Our celebration will last until...

The daylight breaks and fades again
Along the Edge of Time...

Two spirits in moonlight
We gaze into each other's eyes
The music plays on forever
True love never dies...

Come now my Dark Love
And dance with me
Whirling and twirling
Eternally...

We'll dance forever your hand in mine
Along the Edge of Time
We'll dance forever your hand in mine
Along the Edge of Time...
