Graveyard Society (The Code)

They rule above from down below
Controlling the unknowing
Shielded by myth and superstition
Disbelief is our protection

I pull out the coffin nails
You hide behind the black veil

Graveyard society
Never give yourself away
Cloak yourself in night and disappear
Guard our secrets carefully
Break the code and you will pay
Cloak yourself in night and disappear

Elders gather decide my fate
The hunters seek my capture
I laugh at them hiding in plain sight
Infidel bringing destruction

I pull out the coffin nails
You hide behind your black veil

Graveyard society
Never give yourself away
Cloak yourself in night and disappear
Guard our secrets carefully
Break the code and you will pay
Cloak yourself in night and disappear

I'm weary of your laws , Theory and conjecture
Keep your so called leadership
No more of your lectures
Do I upset your Master Plan
Catch me , Kill me , If you can

Disappear , Disappear
Now you'll fear
