I took a chance and made her feel like prey
I made my move and now she's walking away, hey

If there was only some way that I could explain
If I tell her the truth she'll think I'm insane, oh
This sad end to this love story?
Your best friend is... bloodthirsty!

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck. Just a little peck
Just a little la la la la la la la la...
Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck Just a little peck
Just a little la la la la la!

I don't understand why he's avoiding me
Cause it's in the air, sweet chemistry

The nape of your neck and the curve of your breast
It's a taste that he longs to test
Longs to test, yeah

Kissing her a fantasy
That's bitten my anxiety

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck. Just a little peck
Just a little la la la la la la la la...

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck Just a little peck
Just a little la la la la la!

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
(Little bitty tickle, tickle)
Just a little peck Just a little peck
Just a little la la la la la!

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
(Little bitty tickle, tickle)
Just a little peck Just a little peck
Just a little la la la la la!

Just let yourself go.
Feel the beating of your heart.

I can't say no

Because you're falling hard.
Sweet immortality.

Has got the best of me.

Cause you're irresistible
Irresistible, irresistible

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck. Just a little peck
Just a little la la la la la la la...
Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck Just a little peck
Just a little la la la la la!

Just let yourself go.
Let yourself go

Kissing her a fantasy
That's bitten my anxiety

Just let yourself go.
Let yourself go

Your best friend is bloodthirsty

Just a little nip just a little lip nibble
Just a little kiss just a little bitty tickle
Just a little peck Just a little peck
Just a little la la la la la!

Bloodthirsty

Just a little peck, it's just your neck
Just trust me
La la la la la la la la
