A little out of place  
No it ain't my sort of thing  
But it makes her smile  
So it's alright by me  
And this may not be my scene  
But I lie every time  
'Cause I feel richer than anybody here  
With her by my side

We said goodbye  
With some kisses and some words  
But all I heard  
Is "How'd he get a girl like that?"  
I caught myself in the mirror  
And couldn't help but see  
How beautiful I look with her  
Standing next to me

And her friends all say  
In a shushed kinda way  
"Man how'd he get a girl like that?  
How's a girl from the hill  
Find life in a billy  
From the wrong side of the tracks?"  
Well at the end of the day  
Breaking my back  
Something you know nothing about  
All I did was love her  
All I did was love her

Well all I am  
Oh, is how she looks at me  
And she loves my ways  
She never judges anything  
When I feel wrong  
I come around to feeling right  
And how lucky do I feel with her  
Lying next to me tonight

And her friends all say  
In a shushed kinda way  
"Man how'd get a girl like that?"

Hows a girl from the hill  
Find life in a billy  
From the wrong side of the tracks?"  
Well at the end of the day  
Breaking my back  
Something you know nothing about  
All I did was love her

All I did  
Was hold her inside of a working man's arms  
And never let her go  
And at the end of the sun on a long hard day  
Keep the fires burning at home  
Yeah

Ooh at the end of the day  
Breaking my back  
Something you know nothing about  
All I did was love her  
All I did was love her
