Now, I ain't gonna lie
Well, I've been drinking here all night
With an old friend of mine
Her name is Misery.
I ain't been crying
No I'm having a real good time with Miss
Communications
She always talks to me.
I've got a lot of friends like them
They always meet me here to have a beer so I won't be
alone
I never meant to bring them home.

I just called to tell you
That I was wrong and you were on my mind.
If you want I will leave you alone right now
'Cause I know why you said, why you said
Don't come home.

I bet you're with him
Yeah, I heard you found somebody new
He probably listens to you
Like I never did.
Wish I was in your arms

Instead of talking to this machine about all the things I
didn't do
Oh, what else is new?
I've spent a lot of time like that
Playin' memories and drinkin' remedies so I won't be
alone
I still can't believe you're gone.

I just called to tell you
That I was wrong and you were on my mind.
If you want I will leave you alone right now
'Cause I know why you said, why you said
Don't come home.

Don't come home, no no, no.
Don't come home.
I spent the last days anywhere you could be found,

And I'd give anything if you'd turn back around
Anyways...

I just called to tell you
That I was wrong... can I come home?
