Well, I know they say all good things
Must come to some kind of ending
We were so damn good
I guess we never stood a chance

Go on and find what you've been missing
And when that highway's tired of listening
You'll see I'm not that easy
To forget

And when a new moon shines through your window
Or you hear a sad song on the radio
And you don't know why, but you just start
To cry

Oh, you're driving 'round on a sunny day
And out of nowhere comes the pouring rain
And a memory hits you right out of the blue
That's just me thinking of you

I'm not goin' to try to stop you
Doesn't mean that I don't want to
If I know you, you've already
Made up your mind

So go on and go if you're really leaving
Put a million miles between us
But you'll still feel me
Like I'm right there at your side

And when a new moon shines through your window
Or you hear a sad song on the radio
And you don't know why, but you just start
To cry

Oh, you're driving 'round on a sunny day
And out of nowhere comes the pouring rain
And a memory hits you right out of the blue
That's just me thinking of you

And I'm thinkin' about the roads you're on
I'm thinkin' about you comin' home

I'm wonderin' if you got your
Radio on

And when you find your way to another town
If someone tries to lay you down
And a feelin' hits you right out of the blue
That's me thinking of you

That's just me thinking of you
