Lucas Prata - Let's Get It On

Day by day (day by day)
Night by night
I run into you you,
If you only knew what I wanna do

When you walk away
I just have to say
That your body,
takes me to another place

Let's get it on
Come a little closer
Let me whisper,
Whisper in your ear

Let's get it on
Come a little harder
Let me touch you
In those sexy places

When I close my eyes
And I dream of you
I can feel you,
Feel your body close to mine

Don't pick me up
'Cuz it feels so good
I can see you,
doin' things that I wanna do

Let's get it on
Come a little closer
Let me whisper,
Whisper in your ear

Let's get it on
Come a little harder
Let me touch you

In those sexy places

Come a little closer
Come a little harder
Let's get it on
Doin' things I wanna do

You don't know what I would do just to hold you
I'll show you mine if you show me your's I wanna touch
you

Let's get it on
Come a little closer
Let me whisper,
whisper in your ear

Let's get it on
Come a little harder
Let me touch you
In those sexy places
