Oh she was such a dime piece
Nothing less I thought my search was finally over...
But I didn't know I was stringin' myself along
because....
She really had me....
So fooled I really thought she was down to be
exclusive..

[Chorus]
Now My heart's breakin' all the time
And I think it's had it's tole.
Enough is Enough...

Enough with the broken heart,
I rather just be alone.
Our love just fell apart,
We off to the same start.
She meant the world to me,
That's why it's breakin' me.....
To have to say
Can't go any further now.

So what's the point of tryin,
I'm so sick of lies.
And everytime it's the same,
She's gone as fast as she came....
Maybe with you it's different
But I ain't believin' it
Cause I'm just so Jaded.

So why you keep on tellin' me
"Oh baby gotta give me another chance"
Don't you see
I got no more left in me to give at all.
Got no more left in me to give
see I really don't wanna have to go
through this no more...

[Chorus]
My heart's breakin' all the time
And I think it's had it's tole.

Enough is Enough...

Enough with the broken heart,
I rather just be alone.
Our love just fell apart,
We off to the same start.
She meant the world to me,
That's why it's breakin' me.....
To have to say
Can't go any further now.

So what's the point of tryin,
I'm so sick of lies.
And everytime it's the same,
She's gone as fast as she came....
Maybe with you it's different
But I ain't believin' it
Cause I'm just so Jaded.

You're breakin' my heart,
Like she did,
Like she did.

You're breakin' my heart.
Like she did,
Like she did.

You're breakin' my heart.
Like she did,
Like she did.

You're breakin' my heart.....

What do you expect from me now
Somehow.....

I will end up just bringing you down
with me.

[Chorus]

Enough with the broken heart,
I rather just be alone.
Our love just fell apart,
We off to the same start.
She meant the world to me,
That's why it's breakin' me.....
To have to say
Can't go any further now.

So what's the point of tryin,
I'm so sick of lies.
And everytime it's the same,

She's gone as fast as she came....
Maybe with you it's different
But I'm much too jaded now.
