How am I gonna do this?

Man, she's so beautiful  
It's no lie, she's my life  
Sometimes I watch her sleep all night  
But in the back of my mind  
Can't get my mind off of her day  
She gets by, feels that I, that, that I, that I hold her  
cause she's happy (?)  
It's like my world's crashing down if she leaves it  
I deserved it, I know I did it  
Sometimes I wish I never known her  
It's got me losing control  
It's got me losing control  
Cause she don't know what happened this time  
She don't know cause the guy that I used to be  
It don't coincide with what she sees  
Because I've changed from that road, I've overcome  
and I'm done with that lie  
But I know she'll up and leave me when she knows

I try and be responsible but my past haunts my life  
I can hide it but it'll probably be best if she heard it  
from my mouth  
Cause I know how word gets around  
Someone tell me how she's gonna take this  
And if she walks away, then I got nothing  
Tell her I'll be the one to blame  
She don't know what happened this time  
She don't know cause the guy that I used to be, nothing  
like me, no  
It don't coincide with what she sees  
Because I've changed from that road, I've overcome  
and I'm done with that lie  
But I know she'll up and leave me when she knows

Man, she's so beautiful  
It's no lie, she's my life  
Man, she's so beautiful  
It's no lie, she's my life

Maybe she'll see past all of this

Maybe just, just maybe  
Maybe I'm making too much of it  
Maybe I'm, I'm hoping  
It's breaking me down  
And it's breaking me down  
I don't know what to do  
She left me  
I'm losing my mind  
I'm dying inside  
Maybe she might

She don't know what happened this time  
She don't know cause I'm playing life  
It don't coincide with what she sees  
Because I've changed from that road, I've overcome  
and I'm done with that lie  
But I know she'll up and leave me when she, when she  
knows

Man, she's so beautiful  
It's no lie, she's my life  
Man, she's so beautiful  
It's no lie, she's my life  
She's my life, my life
