I don't want to see you
Crying like that
Not when you're the one who broke my heart
Wish I didn't want you
Didn't want you back
But you were my biggest love so far
And you broke my heart
You broke my heart
I try not to call you
Wonder where you are
I still glimpse your eyes up in the stars
But now when I see you
I feel like a fool
Wish you would have seen my fall so hard
I fell like a stone
And you broke my heart
Fell like a stone
And you broke my heart
You broke my heart
