"Hearts On Fire"

Visit "[Hearts On Fire](#)" on MotoLyrics.com

Some nights don't pan out at all, some nights are gold,
In this run down, burned down shell of a town,
That I call my home.
Smokes, and bars, and loud guitars,
One game of pool, it's just one look, it's just one smile
Now I'm playing the fool
My hearts on fire, right where it starts
My hearts on fire, it's one thing I've found
Flames burn brighter when you're around
Those flames burn brighter, flames burn brighter when
you're around,
Those flames burn brighter, flames burn brighter when
you're around,
Punk rock girls and lone star beer, and tonight will be
ok
And if I could get your attention my dear, things might
go my way,
Some nights don't pan out at all, some nights are gold,
Well I'd be richer than, a big time 49er, if you were
mien to hold
My hearts on fire, right where it starts
My hearts on fire, there's on thing I've found
Flames burn brighter when you're around
Those flames burn brighter, flames burn brighter when
you're around
Those flames burn brighter, flames burn brighter when
you're around
My hearts on fire, this town in burning down, my hearts
on fire, whenever you're around
Those flames burn brighter, flames burn brighter when
you're around
Those flames burn brighter, flames burn brighter when
you're around
My hearts on fire (x3) and it's burning up inside
Those flames burn brighter, flames burn brighter when
you're around
My hearts on fire do you feel the flame.
