You were mine
1979
Just skin and bones

Your favorite dress
Motorcycle boots
Raised on Rock & Roll

Now don't
Don't give up on me
Not quite yet

Leaving me
With only letters that
I said I never kept

Nights
Nights so long
They could kill a man

Years
Years so fast
It's all the same

Now why
Dont you leave
Another day

Tell me why
Just why
You had to go

Cause I'm
I'm no good
Out here on my own
