It's a cold wet, December night  
In your bedroom when he said goodbye  
You let him go; he walked out the door said "after this,  
baby, I won't leave no more".  
He held your hand, looked in your eyes, said little girl  
its gonna be alright  
The boys are waiting for me outside by the van  
Gotta go, gotta go, got to work it now  
Darlin' don't cry for me  
Cause I'm coming home  
Cause I'm coming home  
Last night, she heard his voice  
Called long distance, from way up north  
He said girl, you know I think we're so close  
I think were gonna make it, when I come back home  
I'll hold your hand, look in your eyes, say little girl, it's  
gonna be alright  
The boys are waiting for me outside by the van  
Gotta go, gotta go, got to work it now  
Darlin' don't cry for me  
Cause I'm coming home  
Cause I'm coming home  
  
Don't cry, don't cry,  
Darling one  
Don't cry don't cry  
Cause I don't plan on dyin' young  
Cause I don't plan on dyin' young  
The boys are waiting for me outside by the van  
Gotta go, gotta go, got to work it now  
Darlin' don't cry for me  
Cause I'm coming home  
Cause I'm coming home  
Darlin' don't cry for me  
Cause I'm coming home  
Cause I'm coming home  
Cause I'm coming home
