Hold on, darlin' hold on
the storm is coming on
but I'll keep you safe
Its alright, darlin' shut your eyes
try and get some sleep tonight
we're out of the rain
And Go, Go Easy
and we'll find our way
yes, we'll find our way

Oh for only, not forsaken
let in the peril, for refuge is safe
Go Easy, Go Easy
fear not my darlin'
we'll find our way
we'll find our way

And I know, darlin' I know
where'd all stars go
what got away
it's alright
darlin' there's still a light
so try and get some sleep tonight
I'll keep the flame
I said Go, Go Easy
and we'll find our way
oh yes, we'll find our way

Oh for only, not forsaken
let in the peril, for refuge is safe
Go Easy, Go Easy
fear not my darlin'
we'll find our way

Now the waters runnin' at my darlin'
in and out the storm, my darlin'
but I promise your'e safe my darlin'
here in my arms
in my arms

So hold on, well darlin' hold on
well it's darkest before the dawn

but I'll keep you safe
I said, Go, Go Easy
Lord, I said Go, Go Easy
yes and we'll find our way
and we'll find our way

Oh for only, but not forsaken
we'll let in the peril, our poor refuge is safe
Now Go Easy, I said, Go Easy
and fear not my darlin'
we'll find our way

Oh for only, but not forsaken
we have let in the peril, our poor refuge is safe
I said Go Easy, I said Go Easy
oh and fear not my darlin'
and we'll find our way
I said fear not my darlin'
Ohh, we'll find our way
