Are you gonna be? Say that you're gonna be
Oooo,oooo, oooo, oooo, oooooo

[Chorus: Jamie Foxx]

She said she want some Marvin Gaye, some Luther
Vandross

A little Anita will definitely set this party off right
(are you gonna be, are you gonna be, are you gonna
be

are you gonna be, are you gonna be, well well well well)

She said she want some Ready for the World, some
New Edition

Some Minnie Ripperton will definitely set this party off
right

(are you gonna be, are you gonna be, are you gonna
be

are you gonna be, are you gonna be, well well well well)

[Verse 1: Kanye West]

(*talking*)

It definitely will

You know what I told her

I told her to drive over in yo new whip, bring some
friends you cool wit

I'mma bring the cool whip, then I want you to strip

See you is my new chick, so we get our grind on

She be grabbin me, callin me +Biggie+ like +Shyne+
home

Man I swear she fine homes, why she always lyin
though?

Tellin me them diamonds, when she know they
rhinestones

She got a light-skinned friend look like Michael Jackson

Got a dark-skinned friend look like Michael Jackson

I played 'ready for the world', she was ready for some
action

My dawg said you ain't no freak , so you bout to prove
my man wrong

I'mma lay this Vandross, you gon take yo pants off

I'mma play this Gladys Knight, me and you gon get

right

[chorus]

(*Lady talking during chorus*)

Now Kanye, I know I told you to slow it down

It's good, it's all good, it's beautiful

But now I need you to do it faster baby, can you please

- do it faster, do it faster

(*Kanye talking*)

Damn baby, I can't do it that fast but I know somebody
who can, Twista!

[verse 2: Twista]

When I catch you looking at the glist on my hands and
wrist

while I'm layin back smoking on my cannabis

When it come to rockin the rhythm like Marvin and

Luther

I can tell you when I'm messin wit Kan man and Twist in
the Chi

And I be sippin hennessey - play some R&B

While I smoke a b - you can preferably find that I'm a G

And all this (well well well well)

Come wit me and sip on some Evelyn Champagne

You ain't know Twista could work it like the Whispers?

Hit the stop light, move it to some Isaac

His rims still movin so I bump a lil Spinners

While I'm smoking on a b - dippin through the streets

Bumpin r&b - and I got the leaf - on the 23's

And I do it (well well well well)

Wit my Earth in the Wind smoking Fire

Let me get ya sheets wet listenin to Keith Sweat

Put you in a daze wit Maze

Fulfilling her wit every temptation, slow jam, and havin
deep sex

You ready for the world girl, baby come on go wit me

I touch you all over your body baby don't say no to me

And every moment controlling me

I love the way you be holdin me when I be listenin to

Jodeci

And when I come over and bend ya ass, you be bumpin

Teddy Pendergrass

I done hit it from the back, to the melody and rode it
slow

Now I got to go up in it fast, but I'mma finish last

No matter how much of a thug you see

I still spit it like it's r&b, come to the club wit me

And when some Luther come on I hope you feelin me

and still will be in love wit me

[Chorus]

[Hook: Twista]

Baby bump another slow jam
And all the lovers need to hold hands
And if you ain't got no man, hop up in my Brougham
I keep it pimpin like a old man
You gots to roll wit the plan
Cuz I got to then I - smokin' to the dome - then I got to
bone
while I'm in a zone - got to get you home - while I roll on
chrome
Baby bump another slow jam
And all the lovers need to hold hands
And if you ain't got no man, hop up in my Brougham
I keep it pimpin like a old man
You gots to roll wit the plan
Cuz I got to then I - take you to my home - we can get it
on
adjust the microphone - try to get you dome - while I
make you moan
