"Splash Dream"

Visit "[Splash Dream](#)" on MotoLyrics.com

Forming from the sea is a sweet melody
That holds all our feelings and dreams
Just close your eyes and you will see

And start to believe In the sweet dreams of the sea
And hold it deep in your heart
Having faith is just the start

If you take this message to heart
True happiness will never be far

Splash Dream!
The joy you'll feel will always guide you
And everybody who's around you
Will also feel the happiness that you feel
Splash Dream!
Your new found bliss will be your splash dream
Don't ever let go of your hope, it's your guiding light,
hold on to it tight!
