All The Days That Came Before You
Were Empty Bottles On The Shore
It's Been A Lifetime Since I've Seen You, Yeah
I Still Have The Urge To Call

Guess I'm Better Off Forgetting
What I Wish That I Had Back
So Many Things I'd Like To Ask You, Yeah
Like Do You Have Any Regrets

You're The Bridge That I Must Cross
The Puzzle Yet Unsolved A Voice Without A Reason
Beckoning My Call
Imaginary Friend
You're The Lover I Adore
Wonder Were You Are
If You Remember Me

While Your Searching For Your Northern Star
The Heart That You Break Just Might Be Your Own
Are You Certain What Your Wishing For
'Cause The Heart That You Break
Just Might Be Your Own
Just Might Be Your Own

Live To Sleep And Dream About You
It's A Strange Comfort To My Soul
Then I Wake Alone Without You Yeah
I'm Better Off Not Dreaming At All

While Your Searching For Your Northern Star
The Heart That You Break Just Might Be Your Own
Are You Certain What You're Wishing For
'Cause The Heart That You Break
Just Might Be Your Own
