Stop me  
Say you wanna stop me  
Say you wanna stop me now!  
But I'm leaving  
Yes I'm gonna leave you  
Yes I'm gonna leave your life  
If it's just 'sorry'  
I don't want your sorry  
I don't want your sorry now  
Is too late, you know  
Is too late, you know  
Wasted time!

Say  
Do you wanna play for love?  
Do you wanna play for love?  
Say,  
Do you wanna play for love?  
Do you wanna play for love?

Your silence  
Your silence  
Your silence...aaaah  
Silence  
Your silence  
Your silence

Wake me!  
Say you wanna wake me  
Say you wanna wake my life  
But I know you  
Yes I wanna know you  
Yes I wanna know your life  
If is just teasing  
I will be your teaser

I will be your teaser now  
Is too late, you know  
Is too late you know  
Wasted time

Say,  
Do you wanna play for love?  
Do you wanna play for love?

Say,  
Do you wanna play for love?  
Do you wanna play for love?

Your silence  
Your silence  
Your silenceâ€¦aaaaa  
Silence  
Your silence  
Your silence

Say, you wanna know me  
You wanna know me  
And try to let it out

Say, you wanna know me  
You wanna know me  
And try to let it out

Say, you wanna know me  
You wanna know me  
And try to let it out

Say, you wanna know me  
You wanna know me  
And try to let it out

And try to let it out

And try to let it out

And try to let it out
