Who'd Have Ever Thought The Sky Was Blue
Who'd Have Ever Thought That I Would Find You
Someone Who Could Understand
The Way I Feel When No One Else Can Walk
The Wicked Way That I'm Inclined To

We Are Falling From The Same Sky
It's A Strange Hand We Are Saved By
And Our Stars May Be Crossed
But For Now You And I
We Are Angels
Watch Us Fly

Once Upon A Stormy Summer Day
She Met A Boy And Fell In Love The Hard Way
Someone Who Could Understand
And Make Her Feel Like No One Else And
Maybe It Might Be That In Our Way

We Are Falling From The Same Sky
It's A Strange Hand We Are Saved By
And Our Stars May Be Crossed
But For Now You And I
We Are Angels
Watch Us Fly
We Are Angels
Somewhere Between Heaven And The Nowhere We're
In
Someway Half-Believing Somehow We Could Even Fly
We Could Fly
