It's A Curious Creature
This Twist Of Fate
How Am I Supposed To Know
Wake Up Tired With A Mouth So Dry
I Can Hardly Pay Attention Or Recognize
Who's That Staring Back At You

Step By Step Beneath A Truth So Cruel

Will I Find My Way To You
Stranger Faces Everything Is New
Feels Like I've Back Slid A Little
Where No One Can Find Me Yeah
The Trips So Vivid Worlds Collide
Who Asked You
Who Asked You
Hold On

It's A Vicious Circle Figure Eight
Slipping Back Beyond Control
Can't Remember If It's Summer Or December
Got A Mirror For A Window And I Hate The View
Am I Finally Breaking Through

Constellations Of A Life Gone By
Will I Find My Way To You
Laughter Echoes Through A Sleepless Night
Feels Like I've Back Slid A Little Where No One Can
Find Me Yeah
The Trips So Vivid Worlds Collide
Who Asked You
Who Asked You Hold On

I'm A Little Bit Alright
Am I Gonna Be O.K.
I've Been Staring At These Walls 120 Days
Who Asked You
Who Asked You Hold On
