Give me faith, oh Jah, I pray  
To face another day, oh

Lord, give me strength to face another day  
Carry on life's road, carry all my load  
Give me strength, oh Jah, to tarry on  
Oh my Lord

Oh Alpha and Omega, the beginning and the end  
Please hear me when I plead  
All help already pass and all help for years to come  
Without who am I could not be

Many are trying to leave you outta their lives  
But I wouldn't be so unwise  
And so I promise to serve thee  
Oh my Lord and I beg thee some mercy

Lord, give me strength to face another day  
To journey along life's road to carry my heavy load  
Give me strength oh Jah to tarry on  
Oh my Lord

Life has become a burden, living in this evil system  
Oh Jah, please strengthen me  
I cannot make it along, I need you as my own  
Oh Jah, I call on thee

Some are trying to leave you out of their lives  
But I wouldn't be so unwise  
And so I promise to serve thee with all my all  
And I beg thee some mercy

Lord, give me strength to face another day  
Make it along life's road, carry all my load  
Give me strength to tarry on  
Oh my lord

Say, give me strength, oh Jah, to carry on  
And do thy holy word  
Give me strength that I can make my stand

Above the sinking sand

Many are trying to leave you outta their lives  
But I wouldn't be so unwise  
And so I promise to serve thee with all my all  
And I'm begging thee mercy

Lord, give me strength to face another day  
To make it along life's road and carry all my load  
Give me strength, oh Jah, to tarry on  
Oh my Lord

Jah, give me strength
