You're always the first to say
I told you so
You're always the one with the last word
Don't you know

How will I survive
With you

You're always the one to
Pass the blame
Back and forth

I'm always the last one to prove
Anything at all
You always the one to take control

How will I survive
With you

You're always the one to
Pass the blame
Back and forth
You're always the one to
Pass the blame
Back and forth
Turn the other way like nothing
Pass the blame
Back and forth

Are you running running
Why are you running
Running running all the time
Turn the other way act like nothing
Pass the blame
Back and forth

Will you survive
Going back and forth

You're always the one to
Pass the blame
Back and forth

You're always the one to
Pass the blame
Back and forth

Turn the other way like nothing
