Mmmmmm....

Maybe I gave too much  
But you made me feel like everything I did was never  
enough  
I'm gonna let my heart be over-ruled  
There's nothing more to me and you  
While you've been so preoccupied  
I've had time to realise that I can do a little better than  
you

If I'd known better then I never would've let it begin  
But imperfection is hard to see, from the outside  
lookin' in  
I need the things that you denied me  
I need someone to inspire me  
Someone I can hold on to...

It's too late  
That somebody just ain't you  
It's too late  
I can do without you  
Tell me that you want me to stay  
I could make believe that you mean what you say  
Well it doesn't feel that way

I thought that I could change who you are  
I over esitmated myself I didn't get me very far  
But love is only what you make it  
You're not ready to embrace it  
And what are you waitin' for?

It's too late  
That somebody just ain't you  
It's too late

I can do without you  
Tell me that you want me to stay  
I could make believe that you mean what you say  
Well it doesn't feel that way

Well it's much too late for change

Oooh...

Well I tried brakin' you down  
You just weren't comin' around  
It's too late to try and work it out

It's too late  
That somebody just ain't you  
It's too late  
I can do without you  
Tell me that you want me to stay  
I could make believe that you mean what you say  
It's too late  
That somebody just ain't you  
It's too late  
I can do without you  
Tell me that you want me to stay  
I could make believe that you mean what you say  
Well it doesn't feel that way

Well it doesn't feel that way  
No, it doesn't feel that way...
