Love and friendship slipped away
Hurting us every day
Weeding out every joy
I was just like a toy
And now there we are apart
Breaking each other's heart
The tears that flow are not real
It's from self pity
That we've still
Emotion on our face
The hate hid in our soul
The lies are in your eyes

You and I we had no plan
I tried as hard as I can
To show you that I was right
You don't have to hide
The truth ain't that hard at all
Face it and stand tall
These tears that flow are not real
It's from self pity there is still
Emotion on our face
The hate hid in our soul
The lies are in your eyes
We've got no
We've got no right
Crying out of self pity
Crying out of self pity

From self pity there is still
Emotion on our face
The hate hid in our soul
The lies are in your eyes

We've got no
We've got no right
Crying out of self pity
Crying out of self pity
We've got no
We've got no right
Crying out of self pity

Crying out of self pity...

We just ain't got no right...
