I can see you're hurting
You wear it like a coat of amour
You closed your eyes
And chose your battleground

And there's no way through you
'Cause I'm still over here
And you're still over there

You're pulling me to you
Where I wanna be

You're twisting the chain
And I'm right there with you
I can match your pain

You're twisting the chain
Do I run back to you
Or run away again?

You think it doesn't matter
You're gonna hurt yourself before I do
You're aiming at me
I'll throw it back to you

And I feel I'm losing
And I'm still over here
And you're still over there.

You're pulling me to you
Where I wanna be

You're twisting the chain
And I'm right there with you
I can match your pain

You're twisting the chain
Do I run back to you
Or run away again?

What ever you think, what ever you say
Nothing you do could ever push me away

What ever you think, what ever you say
Nothing you do could ever push me away

I'm trying hard to break down the walls
You never let me get to the core
You know I'm not the enemy
So take these chains away from me

You're twisting the chain
And I'm right there with you
I can match your pain

You're twisting the chain
Do I run back to you
Or run away again?

You're twisting the chain
And I'm right there with you
I can match your pain

You're twisting the chain
Do I run back, run back
Or run away, run away

Do I run back to you
Do I run back to you
Do I run back to you
