Damn I Miss You....

It's still gone ride, it's still gone ride

Uh uh, uh uh, C'mon, uh, uh, yeah, ride, uh

Damn I miss you

Ooh I feel better than before

We should've never seperated

Paused or hesitated

You rocked me to sleep

It's like my body levitated

Lookin in the mirror

But the heat makes it less clearer

It's all fogged up, face me baby

Put your fingers in my mouth, let me taste the gravy

Reunited, feel good, real good, squeeze me

I tell you that I Love You

But you wouldn't believe me

[Chorus - Mashonda]

Ghetto Lovin, when I'm with you

Anything you want I will do

Ghetto Lovin, when I'm with you

Anything you want I will do

[Mashonda]

Hello.... Baby....

There is something that I want to say to you

You've been on my mind now

For a while and I just dont know what to do

I've been thinking of holding you (holding you)

Showing you, what I'm all about

And I promise that I will do

Everyting you want without a doubt

[Chorus]

[Mashonda]

I know.... That we've....

Had our share of ups and downs but thats in the past

If you promise to hold me down

Then our love will have a second chance to last  
I've been thinking of holding you  
Showing you, what I'm all about  
(And I promise) And I promise that I will do  
Everything you want without a doubt

[Chorus]

[LL Cool J]

Forget the past  
We like Bonnie and Clyde from now on  
Back to back, through the ups and downs  
Right or wrongs, lay down  
Let me kiss you all down your back  
Then I'll go further down, swirl my tongue around  
I apologize too  
For not recognizing the pain inside of you  
I never lie to you, again  
Last time had stress on my mind  
Had a hard time believing  
That my girl could be genuine  
It's different now, we ghetto lovers fo' real  
I grab the wheel, you hold the steel  
Teach me how to touch you where you like it the most  
From now on, til we give up the ghost  
Reunited, Baby

[Chorus - till fade]
