(1)

Champions of justice
And victims of truth
Give the world your heart and it'll
Give you the boot
An Italian noose and a
Three piece suite
And, baby I tell you, I don't know
Who make these crazy rules
But I am You, love
And you are me.
And one bright day, the both of us,
We might make three
(And that would please me)
(Chorus)

And you are, baby
A sword by my side
A sword by my side
And everythings all right.

(2)

And everybody sees themselves
In a Ticker-tape parade
And everybody wants to buy-
But nobody pays.
But, I'm the king of fools and a
Fool to kings
And there ain't nuthin I can't do
If I got this wood, and these six strings
And best of all babe
You are mine
Burnin' all the clouds away
With your special brand of sweet sunshine
(my Angellilybutterfly)
