begotten christian bastards their death sentence

taken their lives jesuc christ been sodomized
begging for mercy no repreve the midnight hour on
hollow's eve
i'm laghing they cry watching them die wittness god's
demise

god's word are lies,filed with deseate,making you kill
for religous belief's

enter my life dark one,the anti-christ satans son
piss on the cross darkness,my soul lost in the abyss
preach the gospel sunday,cullingus with a prostitute
monday
power over the weak to make pray
went to church caus they say
weakling fool's i've got the new's
it's to late he'll never rise again

weakling minds they are blind,weakling minds destine
to die
weakling minds no repreve,weakling minds wipe out
their disease
christian mind's will never rise
