Reach for me, i'm the one that cleans this mortal world  
In my grasp's pure fire even shadow burns  
Blessed to kneel you shall not be  
If your will stronger is than fear

Kingdom of the void for the ones  
Of the hollow faith  
Blinded by the lies in their dream of a destiny  
Paradise of ecstasy - victims of their wishes  
In their fear praying for a way

Hailed shall be all tongues that speak  
True blasphemy  
In this world of lie every truth is a stone  
Aimed against the serpent's wealth  
In the eye throw it with wrath

Kingdom of the void for the ones  
Of the hollow faith  
Blinded by the lies in their dream of a destiny  
Paradise of ecstasy - victims of their wishes  
In their fear praying for a way

Patterns clouded in depths...  
Secrets disclosed through the virtue of higher sense  
Left in shadows for the inconscient race  
Hypnotized in satiety mortal remain

Immortal life... they wish  
In realms beyond this  
Yet vacuous they'll remain  
Amidst their waste

Walking, honest my way  
Victims sublime are the gateway to further state  
Self so genuine carries me on  
Purified in consciousness astral become

Yet saved they still can be  
In the world they crawl on  
By own resolve preserved  
From nothingness
