On The Red River, on Bayou Pierre
Rosalee worked in White's Grocery
I'd get in trouble for goin' down there
She'd give me corn pops for free

Little red bike out on the main road
Lucky little girl
Little red bike out on the main road
Lucky little girl

Early in the mornin' brother and sister off at school
Mama sent me for wild flowers
Buttercups in the mornin' dew
A little red bike out on the main road too

Ghost tracks, water towers, picnics in a haunted roost
Horses waiting to be groomed need a little sugar too
Train game, moss monster, playin' down in the woods
of bamboo
Mr. Black Snake ate all the bad snakes, Mr. Black
Snake'll eat you too

Games turn into life
Once a tomboy now a tomwife

Little red bike out on the main road
Lucky little girl
Little red bike out on the main road
Lucky little girl
Lucky little girl
