Carpet was written about band practice, the 7 Double-O
3 was part of the access code to get in to the building.)
Spend my nights all my days
In this cold room this cold place
Neighbor's noise heard from all sides
There's no quiet place to hide
Sentry unit number three
Is where I always wanna be
My carpet home my carpet hope
My carpet walls my carpet dope
Carpet 7 Double-O 3
There's no other place in town
I can make noise I can settle down
Be with people that I like
Lesdystics and Luckie Strike

Sentry unit number three
Is where I release my energy
My carpet home my carpet hope
My carpet walls my carpet dope
Carpet 7 Double-O 3
Sometimes we get pissed and shout
Cuz nothin' gets done when Jim hangs out
And it's so cold and there's sometimes rain
And it feels like a giant pain
But not one really seems to mind
And it just seems to work out fine
My carpet home my carpet hope
My carpet walls my carpet dope
Carpet 7 Double-O 3
