Everyone  
And no one knows  
Everyone asks  
Calm down  
I don't care if it shocks you  
If it shocks you i don't care  
I've been thinkin i need to stop  
And get some  
Everyone asks still they know  
I don't care what they know  
And i don't care if it shocks you  
If it shocks you i don't care

I've been thinking i need to stop  
And get some  
Everyone sees a little girl  
Everyone sees a little girl  
And she don't care if it shocks you  
If it shocks you she don't give a HOO-HAH!  
I've been thinkin i need to stop  
And get some
