Wishes burn I start to fall

Climb so high inside it all

Pushed and pulled my arms so weak

(Weaker now than it was before)

I refuse to ask or beg for

I refuse to ask or beg for more

I've seen the truth it swallowed me whole

Hope is won from impending tales

(Lackluster forgotten days)

I've seemed to forget all their worth

Put it off another day

Put it off another day

Something's creeping up on me

Somewhere I can't tell which way is up or down

Until I hit the ground

Wrong or right can't seem to find

Just a little piece of mind

Searching for that street I pray

(Shutdown, simmer in denial)

I force myself to fake a smile

(Everything was meant to be)

And I can't stop now my heart is broken

(Passed on and moved away)

Put it off another day

Put it off another day

Am I cheating you?

Searching for that street I pray
