Why do I see it everywhere?
It's all around but I don't care
I see right through the mess you made
Lie motionless you've been enslaved
Hey sir, should I buy another one?
Was it your intention to let all this be what you portray?
Hey sir, should I buy another one?
Was it your intention to let all this be what you portray?
You simulate just what you saw
It's dead and now you make the laws
You put it on, wear it around
Still leave without making a sound
Hey sir, should I buy another one?
Was it your intention to let all this be what you portray?
Hey sir, should I buy another one?
Was it your intention to let all this be what you portray?
You'll get nowhere, life isn't fair
Counting faces that aren't really there

It's all an act, it's all a joke
But hey man you got signed man, aren't you stoked?
You're getting bored
Just look around
And start getting used to being let down
Why do I see it everywhere?
It's all around but I don't care
I see right through you're falling out
I'm standing you're wondering how
Hey sir, should I buy another one?
Was it your intention to let all this be what you portray?
Hey sir, should I buy another one?
Was it your intention to let all this be what you portray?
You'll get nowhere
Life isn't fair
And I bet three or four years ago you had long hair
It's all an act it's all a joke
But hey man you got signed man, aren't you stoked?
Aren't you stoked, man aren't you fucking stoked
