Can't think of words for this one

I'm lost without no time

And I will surely lose it

If I can't find the time

With no words with no rhyme

I'm lost without no time

I'm lost without no time

With no words nothing to say

I need a 25 hour day

25 hour day

Can't find another meaning

The clock is standing still

Did I mention I might lose it

Oh yeah I surely will

I couldn't find that minute

I needed to get things done

I was hoping to end on this one

And I was hoping to get things done

Little piece of me

Said I should let things be

But the day still slips away

I'm lost without no time

I feel like I'm going to lose my mind

But when I'm done I'll feel fine
