With the rag top down
Starlit sky, pretty little blue gleam in her eye
shes my california girl

[verse 1]

I saw her about a month ago
Long blonde hair and a turned up nose
Her eyes shined like a diamond ring
she looked at me and i gave her a smile
asked her if we could hang for a while, just cruise in my
caddy with me

[chorus]

cause she is so fine
and i wanna make her mine
i hope tonight i will see her with the ragtop down
starlit sky, pretty little blue gleam in her eye
shes my california girl
ragtop down
starlit sky, pretty little blue gleam in her eye
shes my california girl

[verse 2]

summertime is always the best
hanging out chilling with my friends
drinking juice making memories
but summertime will never be the same

until the smile falls on me again
oohh yeah
do you know what she means too me?

[chorus]

[verse 3]

day dream bothers me
when i cant be there by your side
minutes last forever
why sit alone
when we can be together

with the ragtop down

starlit sky
i hope tonight i will see her out

[chorus]

my california girl
