Why is it  
Every time I meet a girl  
She's in love  
With someone else  
And why is it  
That my life is in a whirl  
When she is out  
With someone else  
Why is it  
That I care about  
Every word you say  
And just yesterday  
You said we were through  
And why is it  
That I think about you all time  
You're always on my mind

It won't be long  
And I'm sure that it's right  
But not for you  
And today I'll be okay  
It's just the price  
I have to pay for loving you  
When you come around  
I think of our song  
And it makes a difference to me  
Because every time you hang up  
It's a feeling, like a break up  
You take a piece of me
